

INTRODUCING...

AVITA COFFEE'S NEW PRIVATE LABEL COFFEES

OUR GROUND COFFEES...

- **100% Colombian Supremo** ~ Avita's full-bodied coffee has an even balance and sweet aromatic taste.
- **Decaf** ~ Naturally decaffeinated without chemicals to preserve the taste.
- **Vienna Roast** ~ Our Vienna Roast features Colombian and Panamanian coffees blended in equal parts and roasted slightly darker than your average city roast.

- **Donut Shop** ~ Save a trip to the coffee shop. This great "regular" coffee is rich and smooth and can be enjoyed all day long!

- **Premium Blend** ~ A perfect balance of Arabica coffees, each roasted to perfection then combined to assure a rich, distinctive flavor.

OUR WHOLE BEAN COFFEES...

- **100% Colombian Supremo** ~ No other country produces more fine quality coffee than Colombia.
- **Guatemala Antigua** ~ Antigua is the oldest coffee growing region in the country. This coffee is full bodied coffee with floral undertones.
- **French Roast** ~ we take Colombian Supremo beans and roast them up to 435 degrees. This produces a dark oily bean that is full of body and rich in the cup.
